Trevor's Personal Portfolio Website - Mobile Version

Description

This website is the mobile version of my personal portfolio website.

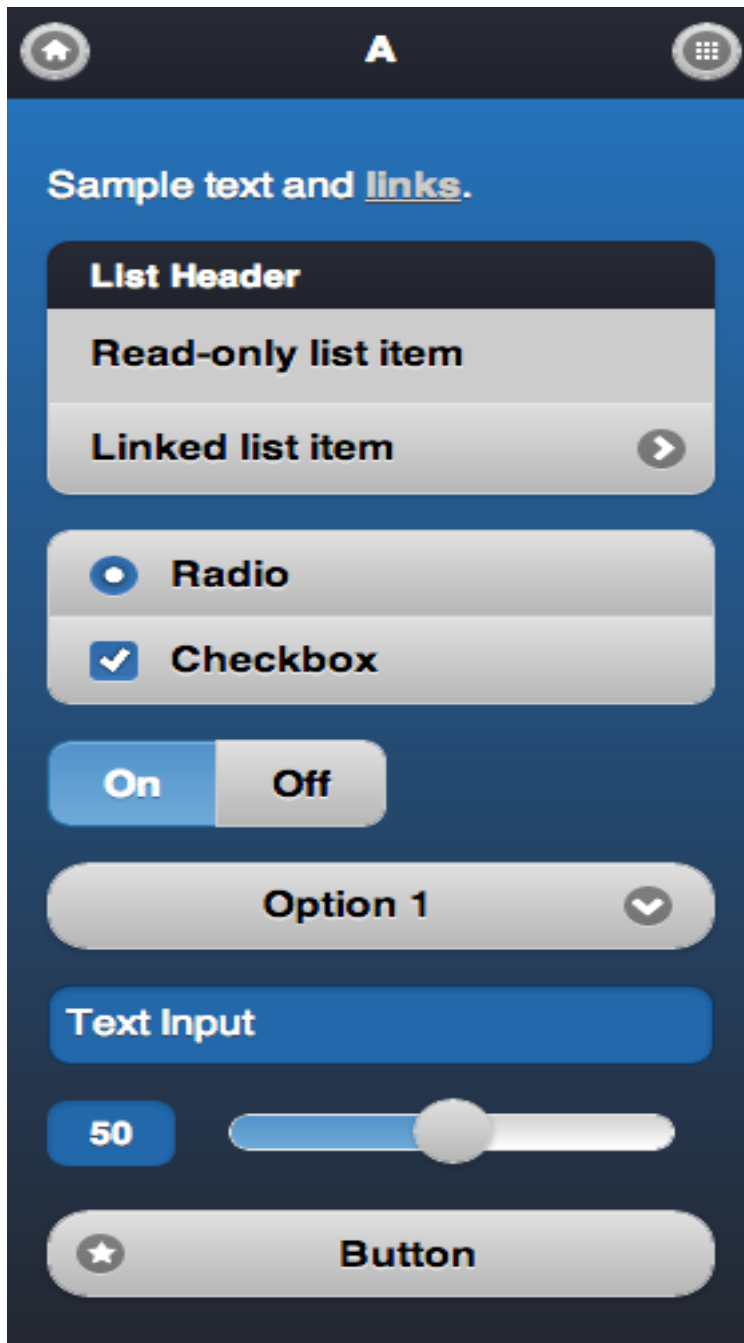

Navigation Bar

This is the primary method of navigating the mobile website. Touching a button will bring you to the corresponding page. A Back button will replace the page button that you are on and will be highlighted.

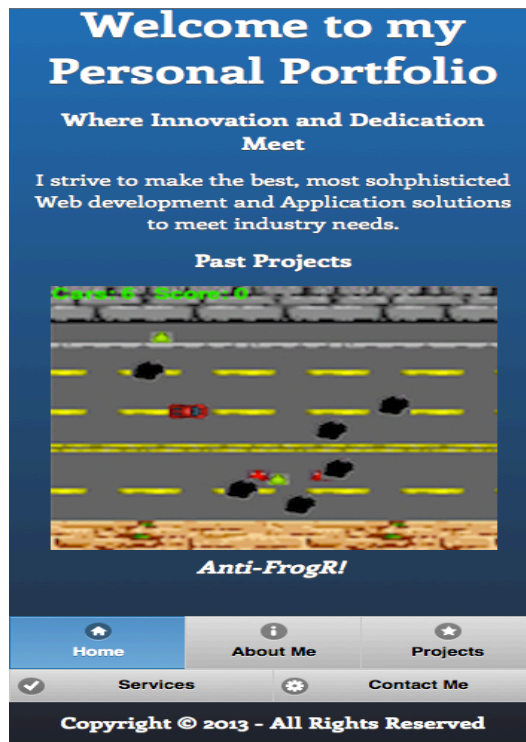

Colors & Typography

	#FAFAFA- Used for the navigation buttons
	#276DAB- Used for the background
	#23262F - Used for the header and footer background

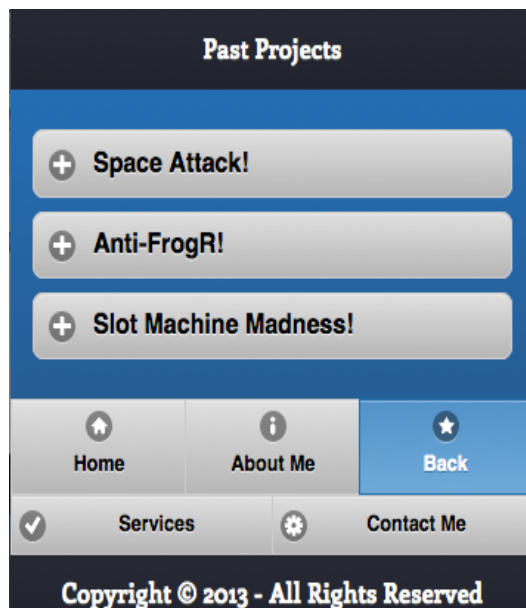

I am using the Google Web Font Service.
All fonts are Enriqueta and are differently sized. All
text is white.
